Oil & Gas Connect Expo 2026

Oil & Gas Connect Expo (ONGC EXPO) is an India's leading exhibition platform showcasing the latest innovations, technologies, products, and services from the global gas and allied industries. The event serves as a premier meeting point for the gas community to network, forge strategic partnerships, engage with key buyers and sellers, exchange knowledge, and shape the future of the natural gas sector—all under one roof.

Industry Overview

India's rapidly growing economy is driving an accelerating demand for energy. Already the world's third-largest energy consumer, India has also retained its position as the third-largest oil consumer globally. The gas sector, recognized as one of the eight core industries, plays a vital role in powering economic growth. With energy needs on the rise, India's natural gas demand is projected to nearly double by 2030, reaching approximately 115 billion cubic meters (BCM). India's natural gas demand is projected to witness significant growth in the coming decades.

By 2050, it is expected to reach 170 billion cubic meters (BCM). Consumption is forecasted to rise at a compound annual growth rate (CAGR) of 12.2%, increasing from 174 million cubic meters per day (MCMPD) in 2021 to 550 MCMPD by 2030. According to the International Energy Agency (IEA), India's natural gas consumption is set to grow by 25 BCM by 2025, reflecting an average annual growth rate of 9%. Additionally, India's industrial gases market is poised for rapid expansion through to 2026, driven by growing demand across key sectors such as manufacturing, healthcare, and energy.

Benefits of Participation

To meet the rising demand for oil and gas, the Indian government has introduced several progressive policies aimed at attracting investment and enhancing sectoral growth. One of the key reforms includes permitting 100% foreign direct investment (FDI) in various segments of the industry—such as natural gas, petroleum products, and refining—under the automatic route. These measures are designed to strengthen infrastructure, boost domestic production, and foster global collaboration.

- Meet high quality prospects and decision makers
- Brand Building opportunity among the Industry
- Direct Interaction with industry suppliers, buyers and distributors
- Explore latest technologies, products and services
- New import & export opportunity
- Network with Industry professionals
- A platform to launch new products

Exhibition Highlights

Oil & Gas Connect Expo serves as a premier International Exhibition platform showcasing the latest innovative technologies, products, and services within the global gas and allied industries. This event provides a unique opportunity for professionals in the gas community to converge, fostering partnerships, networking, and facilitating connections between key buyers and sellers.

Exhibitor Profiles

- Gas Producers (Industrial, Natural, Water Vapour & all type of Gases)
- Gas Equipment
- Gas Technologies
- Gas Carrier Ship-building
- Gas Meters
- Gas Storage
- Gas Transportation
- Gas Compressors
- Gas Turbines
- Gas Detection
- Gas Analysers
- Gas Cutting Equipment
- Gas Extraction Technologies
- Gas Handling Equipment
- Gas Applications
- Gas Pipelines and Materials
- Gas Measuring and Testing
- Gas Transportation Packaging Materials
- Gas Field Land Equipment and Technology
- Gas Auxiliary Equipment and Materials
- CNG and LNG Filling Station Equipment
- Industrial Gases Equipment, System and Technology
- Latest Energy Saving Gases and Equipment
- Cryogenic Temperature Heat Exchange Equipment
- NGV and LNG Ship
- CNG Station Technology
- CNG Station Builders
- Small Scale LNG
- LNG Engineering
- Instrumentation & Automation
- Regasification Terminals
- Pipeline Manufacturing
- Control & Safety Valves
- Coating & Insulation
- Membrane Technologies
- Digitalization, IT & Innovation
- Safety Equipment
- Cylinder Testing Equipment
- Medical Gas Equipment
- Cryogenic Liquid Pumps
- Global Utility Companies
- Engineering Contractors
- Ship Builders
- Government Institutions
- Distributors and Service Providers
- Trade Associations & Media
- Gas Companies
- Gas Equipment Manufacturers
- Drilling Companies
- EPC Companies
- Process Industry
- Pipe & Fitting
- Manufacturers
- Pump & Valve
- Shipbuilding & Marine Solutions
- Automation
- Energy Technology | Renewable
- Energy & Environmental Technologies
- Fossil Fuels (Oil, Gas, LPG, LNG, CNG & Coal)
- Forging • Machine Tools
- Compressors
- Bio Fuels Manufacturers and More
- LP Gas LP Gas Equipment LPG Services and other Accessories for LPG/NG/SNG

E2E Events & Exhibitions Ventures is a forward-thinking, next-generation events and exhibitions company, built on a foundation of excellence, innovation, and proven industry expertise. With a legacy of over 12 years and a portfolio of more than 50 successfully executed events and exhibitions, our team comprises seasoned professionals who have consistently delivered high-impact experiences across diverse industries and markets.

But our work goes far beyond event/exhibition execution.

At E2E Events & Exhibitions Ventures, we engineer dynamic ecosystems that serve as catalysts for strategic partnerships, thought leadership, and cross-sector collaboration. Every event we curate is designed to spark meaningful dialogue, inspire innovation, and drive actionable outcomes.

Our global events and exhibitions are more than gatherings — they are purpose-built experiences crafted with precision, powered by data, and guided by deep industry intelligence. Through strategic content, customized formats, and immersive engagement, we unlock value, foster long-term trust, and elevate the standard of industry interaction.

Whether you are looking to launch, grow, or transform, E2E Events & Exhibitions Ventures is your trusted partner in building platforms that deliver measurable impact and lasting influence.
